

FLOODSAFE ACCOMPLISHMENTS AND UPDATES

**Central Valley Flood Management Planning Program
Valleywide Forum**

PRESENTED BY

GARY BARDINI
DEPARTMENT OF WATER RESOURCES
DEC. 9, 2010

Improve integrated flood management in the state through a system-wide approach, while carrying out regional projects and enhancing core flood management programs, with the following strategic goals:

- Reduce the chance of flooding
- Reduce the consequence of flooding
- Sustain economic growth
- Protect and enhance ecosystem
- Promote sustainability

2007 Flood Legislation Overview

Legislation	Major DWR Flood Initiative	Date	Status
SB 5	<ul style="list-style-type: none"> Develop preliminary 100-yr & 200-yr floodplain maps for C.V. Propose building code standards in areas protected from a 1-in-200 chance of flooding event Develop a Central Valley Flood Protection Plan (CVFPP) for adoption by the Central Valley Flood Protection Board (CVFPB) Urban Level of Flood Protection (1-in-200 chance of flooding) for Central Valley will apply to future development in urban areas 	Jul. 2008	✓
		Jan. 2009	✓
		Jan. 2012 Jul. 2012	
		2015	
SB17, SB5	<ul style="list-style-type: none"> Document & update status of State Plan of Flood Control (SPFC) 	Jul. 2012	✓
AB 5	<ul style="list-style-type: none"> Develop new local cost share formulas for repairs / improvements 	Jan. 2010	✓
AB 70	<ul style="list-style-type: none"> Cities & counties share costs associated with potential flood damages in previously undeveloped areas protected by SPFC 		
AB 156	<ul style="list-style-type: none"> Send annual flood risk notifications to property owners protected by levees Prepare project levee status reports 	Sep. 2010	✓
		Jan. 2009	✓
AB162, SB5, AB156	<ul style="list-style-type: none"> Cities & counties amend their general plans 	2012-14	

SB 5 (Central Valley Flood Protection Act)

- DWR and CVFPB prepare and adopt a Central Valley Flood Protection Plan (CVFPP) by July 2012
- DWR prepare preliminary maps for 100-yr and 200-yr floodplains protected by project levees, and notify property owners of flood risk
- DWR develop criteria for urban level of flood protection (1-in-200 annual chance of flooding)
- DWR develop building codes to reduce consequences of flooding in urban areas
- Cities and counties amend their general plans and zoning ordinances to address flood risk

FloodSAFE Implementation Timeline
