

NOTICE TO STATE WATER PROJECT CONTRACTORS**Date:** NOV 19 2013**Number:** 13-14**Subject:** 2014 State Water Project Initial Allocation – 5 Percent**From:**

Carl A. Torgersen
Department of Water Resources

The Department of Water Resources (DWR) is initially approving 208,628 acre-feet of Table A water for long-term State Water Project (SWP) contractors in 2014. SWP supplies are projected to meet 5 percent of SWP contractors' requests for Table A water, which totals 4,172,536 acre-feet. Attached is the initial 2014 SWP allocation table.

This allocation is made consistent with the long-term water supply contracts and public policy. DWR considered several factors, including existing storage in SWP conservation reservoirs, SWP operational constraints such as the conditions of the recent Biological Opinions for Delta smelt and salmonids and the longfin smelt incidental take permit, and 2014 contractor demands. DWR may revise allocations if warranted by the year's developing hydrologic and water supply conditions.

Based on this initial allocation, DWR will use the 30 percent delivery schedules submitted by the contractors earlier this year to arrive at the 5 percent schedules, unless revised schedules are submitted by contractors. DWR will send an approved monthly water delivery schedule to each long-term contractor in December.

If you have any questions or need additional information, please contact Robert Cooke, Chief of DWR's State Water Project Analysis Office, at (916) 653-4313.
